

An Albert County Amble

TO ALL GSAR VOLONTEERS ACROSS THE PROVINCE

Put your Map, Compass and GPS skills to the test...

Come and join us for an amble through the Albert County country-side. This event is meant to be fun, build camaraderie, test your navigational skills, common sense, and powers of deduction. We'll even award points for various things you may find along your trek.

You will be formed up into teams of 2 - 4, depending on numbers, for safety and camaraderie. Each team will have a different start point, but all teams will, if all goes well, end up at the same finish point.

Maps will be provided that show elevations and other topographical details so you can follow along on paper as well as in the great outdoors.

There will be other MGRS reference points given to you that are optional to visit, but bonus points will be awarded if you do visit them and correctly answer the "skill testing questions" you will find there.

Albert County has rolling hills/mountains, valleys, and nice vistas due to the elevation. Much of the forest is deciduous and, thus, more open underneath, but with wonderful shade from mid-day sun.

Make sure you have good boots, fly spray, hat...your regular field kit for 6-8 hours/8-12km walk in the woods... *This is not iron-man stuff, but it will be a challenge.*

We will provide food at the end of the day, but feel free to bring along snacks and liquid refreshments as well.

EQUIPMENT AND SUPPLIES REQUIRED

- | | | |
|--|--|---|
| <input checked="" type="checkbox"/> At least 4 liters of water. | <input checked="" type="checkbox"/> Good Boots | <input checked="" type="checkbox"/> Lawn Chair (at the end of the day, it will be welcome) |
| <input checked="" type="checkbox"/> Food for lunch breaks over a 5 - 8 hour period in the field. | <input checked="" type="checkbox"/> Notebook, pen or pencil. | <input checked="" type="checkbox"/> GPS & compass (great chance to try out your team's new NIF Supplied GPSs) |
| <input checked="" type="checkbox"/> Appropriate dress for weather and hiking on trails and bush. | <input checked="" type="checkbox"/> Camera if you have one - there will be some great vistas and points of interest. | |

Tri-County Ground Search and Rescue

▶ SEP 19, 2009

▶ 09:00

LOCATION BY MGRS:

20T LR 47325/79881
